brought from their headquarters at San

Antonio Wednesday.

Machine hemstitching and pico-

edging. Mrs. H. B. Houston, Uvalde,

Texas. 28-tfmo.

W. J. Brucks was here Tuesday

from Dunlap and was a pleasant caller

at this office.

Miss Elsie Rothe, after a visit to her

sister, Mrs. Felix Batot, returned to

her home at D'Hanis Monday.

Let Edwin F. Bendele put up your

windmills and gasoline engines. All

work guaranteed satisfactory. 14-tf

Mrs. Felix Batot spent the greater

part of week in D'Hanis visiting her

mother, Mrs. Fritz Rothe.

Dr. and Mrs. R. O. Perkins and Mrs.

R. P. Thomas of San Antonio visited

her home Sunday.

Let us convince you what a saving

it is to have your Casings and Tubes

vacuumized. Citizens Motor Car Co.

Louis Fuos, Louis Biediger and Aug.

Weber of Castroville and LaCoste

neighborhoods, were visitors here

Thursday.

Let us convince you what a saving

it is to have your Casings and Tubes

vacuumized. Citizens Motor Car Co.

August Weynand and Baily Rogers

had to appear before the examination

board at San Antonio the first of the

week.

Mr. and Mrs. Fritz Muennink and

Henry Hartman and John Muennink

attended the funeral of Mrs. F. Thumm

in Del Rio Thursday.

Eggs from prize-winning Cornish In-

Indian Game chickens for sale at \$1.50

per setting of 15. Some good breed-

ing stock also for sale. Mrs. Fletcher

Davis, Hondo. 14

The Anvil Herald last week failed

to mention the departure of Mrs. Bes-

sie Cooley for her home in Oklahoma,

after a week's visit to her parents,

Mr. and Mrs. Henry Moore. 14

Mrs. Louis Scherzer and daughter,

Florence, and Misses Patricia Fitz-

Simon and Theresa Hans were here

from Castroville the guests of Mrs.

Fletcher Davis, Sunday. 14

SUBSCRIPTION, - \$1.50 PER YEAR

Entered at the post office at Hondo, Texas, as second-class matter.

SATURDAY, MARCH 2, 1918.

HOW ONE SHOULD USE MONEY

Worth of Pennies, Nickels and Dimes
First Value a Wise Man Can
Place on Wealth.

"Any man, in order to achieve real success, must have the right ideas about money. If he hasn't the right ideas about money, he is not solid in character, observes a writer in the American Magazine. A man may easily be happy, successful and highly regarded on \$1,800 dollars or less a year; but, if he is, it is because he knows how to handle those \$1,800, and realizes the power that is in each of those \$1,800, and keeps in sight the fact that it takes 100 cents or 20 nickels, or 10 dimes, to make each one of those \$1,800.

"On the other hand, a man may have an annual income of \$50,000 and be neither successful nor happy nor highly regarded. If this is true of him, it is because he has not the right ideas about money.

"Here is the thing that applies to my experience and to every man's: Money is the symbol of worth and power. If your money is handled correctly, if you regard money as a constructive thing, something to be used beneficially for yourself, your family and your community, something with which to build up and produce improvements, you are on solid ground; nothing can shake you, nothing, outside of earthquakes and fires, can ruin you financially. Let me put it this way: The use a man makes of his money after he has got his hands on it is the measure of his worth."

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by a Hondo Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is.

Now supposing you had a bad back,

A lame, weak, or aching one. Would you experiment on it?

You will read many so-called cures.

Endosed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove all testimony.

Read this Hondo case:

Thos. McCall, carpenter, says: "A short time ago I came down with an attack of Kidney trouble. My back ached so severely I could hardly stoop over or lift anything and this made it difficult for me to do my work. Doan's Kidney Pills, procured at Windrow's Drug Store, helped me right away and two boxes removed the trouble. I am glad to recommend Doan's Kidney Pills to others suffering from disordered kidneys."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. McCall had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Don't Betray Confidence.

"Now you mustn't repeat this, for I promised not to tell anybody." When a girl prefaces a breach of confidence in this fashion, she will not deceive herself into thinking that she has made things all right, not at least if she stops to think, says a writer. For to pass a secret on to one, is as much a violation as to tell all, and moreover, if she herself is so little bound by a pledge, why should she expect another to abide by it. If you are given to betraying confidences, do not pretend that you make it all right by assuming that your confidante is more honorable than you are.

Take HERBINE for indigestion. It relieves the pain in a few minutes and forces the fermented matter which causes the misery into the bowels where it is expelled. Price 50c. Sold by W. H. Windrow.

Rainbow Never Shows Complete Circle

A rainbow never shows a complete circle, but at the most only a semi-circle, unless the observer happens to be at a great elevation, as in a balloon, when more than half a circle can be seen, but never an entire one. Halos and rainbows also differ in the size of the circles or semicircles that they exhibit. The radius of a halo is about 22 degrees and that of a rainbow about 42 degrees. Other arches and circles are sometimes seen outside of both the rainbow and the halo, but the radii given are for the principal, or primary, phenomenon.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well-known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60c.

HALF HOUR'S JOB LIKE ONE DAY'S WORK

Chemical Co. Foreman Says He Has Taken New Lease On Life.

"Tanlac has simply given me a new lease on life," said O. A. Cook, who lives at Harrisburg, Texas, and is foreman for the Fidelity Chemical Company, while in Kiesling's Drug Store, Houston, recently.

"Before I commenced taking it," he continued, "I was so run-down and miserable a half hour job would tire me as much as a whole day's work does now. My legs were weak and pained me, often suffered with backache and indigestion and my nerves were so unstrung that I was irritable and out of sorts all the time. I would get up in the mornings feeling as tired and worn-out as if I hadn't gone to bed and my work was an actual punishment to me.

"I had reached the point where it was necessary for me to do something for myself and I bought Tanlac because I know how it helped my mother over in Georgia. I now sleep sound, eat heartily and can do a hard day's work without feeling it. My legs and back don't hurt me like they did and everything I have to do is a pleasure instead of a burden as it was before. I recommend Tanlac to everybody with those miserable, tired, nervous feelings like I had, for it certainly has straightened me out in fine shape."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Illanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

Introduced the Spider.

The solicitor had been away in the country calling upon a client, but on his return there were signs of loafing and laziness on the part of the junior clerk.

"Thomas, that typewriter has not been touched today!" snapped the man of law.

"Oh, sir!" ejaculated the junior. "Why, I was using it only an hour ago!"

"Then," thundered the employer, "how comes it that there's a spider on the machine, and that he's woven a web over the keyboard?"

"Sir," remarked the lad, "I'll tell the truth. There was a fly in the works of that machine. Rather than waste my time in entrapping the insect, sir, I—er—introduced the spider, sir!"—London Tit-Bits.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is.

Now supposing you had a bad back,

A lame, weak, or aching one.

Would you experiment on it?

You will read many so-called cures.

Endosed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove all testimony.

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. McCall had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Wireless Messages.

A wireless telegraph message can be confused by one who has the same wave length as the transmitting station by sending out meaningless signals of the same wave length. A receiving set must be tuned to the same wave length as its transmitting set, when it will not take up signals of a different wave length.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of BAL-LARD'S SNOW LINIMENT. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Legal Witticism.

Stories from the law courts are apt to be good, legal wit being noted for its dryness. But this story claims no particular merit, except as showing the usefulness of a ready wit, observes the Christian Science Monitor. The counsel for the plaintiff was delivering an impassioned address. He was somewhat weighty in person, and happened to be leaning on a very old chair. In the middle of the torrent of eloquence, the chair gave way and the barrister lay on the floor in the midst of the wreckage. He got up and, unperturbed, pointing to the broken chair, said: "That proves the strength of my argument." The court smiled broadly, but laughed outright when the opposing counsel promptly replied:

"The learned counsel's argument may be all that he claims for it, but it fell to the ground."

For hoarseness, inflamed lungs or irritating coughs, BALLARD'S HORE-HOUND SYRUP is a healing balm. It does its work quickly and thoroughly. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Mr. and Mrs. Andrew Haby and daughter were here Sunday from Haby Settlement.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists.

J. 69

The Tepary Bean.

By FLETSCHER DAVIS,
Field Agent State Dept. of Agriculture.

With a rainfall of only four inches during the growing season in 1917, there was produced on the farm of Mr. Fred W. Mally at Crystal City, Zavalla County, by dry farming, 6,000 pounds of white Tepary beans on 18 acres of land. The beans were easily worth \$600 on the local market and Mr. Mally had the benefit of the vines and of the nitrogen gathering bacteria on the roots of the beans to renovate and improve his soil. This was a remarkably successful achievement when it is recalled that thousands of acres of just as fertile land produced absolutely nothing that season.

He planted the beans in May after some light showers—it takes less moisture to germinate the Tepary than it does for other beans—planting in rows three to three and a half feet wide and using twelve pounds of seed to the acre. His cultivation was such as would be given to any other bean crop—shallow cultivation at such intervals as would best keep down weed growth and maintain a moisture conserving soil mulch.

Mr. Mally says the Tepary bean can not be too highly recommended as a drought-resistant legume adapted to the semi-arid sections of Texas. His judgment is based upon both experience and a scientific study of this bean which bean had its origin among the Indians of Arizona, by whom it has been grown, in that semi-desert country, from prehistoric times. Mr. Mally's judgment as to the drought-resistant qualities of this bean are borne out by the experience of the Temple-Belton Experiment station last year. Owing to the extensive drought at that station none of the legumes did well, but the agent there informed this writer that out of the more than 30 varieties tested there the Tepary stood the drought best of all and produced the greatest yield.

The bean responds readily to a judicious system of irrigation. On this same farm of Mr. Mally's at Crystal City, in 1916, he produced an average yield of 1700 pounds per acre on four and a half acres under irrigation. Several thousand bushels of the beans were produced as a summer crop, following the spring onion harvest, by the onion growers of the Laredo district last year.

This hardy native of the dry regions of the Southwest is a good soil renovator and builder; it is a fair stock legume; and as a table bean has no superior in cooking qualities, palatability or nutritive value. Mr. Mally assures the writer that the Tepary bean is five per cent richer in protein than the Michigan Navy bean of commerce.

It is proving, in the experience of those who have tried it, its right to a place in the crop rotation plans of the farmers of the Southwest.

(Farm and Ranch, Febr. 16.)

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Sold by all dealers.

Some lacy Laurences are so pacific they even don't want to plant a war garden.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable of the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it. Sold by all dealers.

The high price of gasoline isn't so hard on the man who stays where he belongs.

To Resist the Attack

of the germs of many diseases such as Grip, Malaria, means for all of us—fight or die. These germs are everywhere in the air we breathe. The odds are in favor of the germs, if the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spots," or soil for germ-growth.

We claim for Doctor Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself.

It cures troubles caused by torpid liver or impure blood. Liquid or tablets. All druggists. Tablets, 60 cents.

Send Dr. V. M. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for trial package.

FORT WORTH, TEXAS.—"It is with pleasure I write saying, over 40 years

I was in business in Cayuga Co.,

New York, and sold Dr. Pierce's Family Medicines and

many other products.

These remedies on

hand should have

these remedies on

hand. By using

them and following the directions

many doctor bills

will be saved. I

most certainly recommend them to one

and all. I came to Texas a number of

years ago. I still keep Dr. Pierce's medi-

cines in mind, and the "Golden Medical

Discovery" I can honestly say has no

equal. I always keep a bottle on hand

to take when I feel a little out of sorts,

and especially as a spring tonic."—H. L.

DOWNS, O. L. V. College.

Devine News Items.

Born, to Mr. and Mrs. Paul Ehlinger, a boy, Febr. 19.

Messrs. Schmitt, Elmond Keller and H. C. Heilig of LaCoste were in Devine Thursday.

Miss Earla Harris of San Antonio is the guest of her grand-parents, Mr. and Mrs. J. F. Brown.

Henry Blitz, local potato raiser, wired A. & M. this week to know if there was anything in the old idea of "Planting in the moon?" A reply telegram said "We have nothing proving, or disproving the matter. Believe it superstition."

From a light drizzle to a heavy rain fell over the Devine Section Saturday to Monday. From two miles northwest from Devine, back to Lytle and beyond over a narrow belt, a heavy rain fell early Saturday causing the creeks to run in places. The Chico Creek already running past Devine from the canals, got on a big whin and broke J. W. Fuderton's dam, filling H. E. Johnson's Lake further down.

Over much of the irrigated Section, a good season is reported, and will be very helpful in finishing up breaking and planting. The rain in town was not over 0.35 we suppose but it helped send down the moisture so that planting and breaking can go on. Oats that seemed perfectly dead two weeks ago are coming again and the tall weeds are making some of the hillsides green.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

2 OUNCES IS NOW MAXIMUM BREAD PORTION IN CAFE

Further restrictions on food serving have been imposed by the Federal Food Administration on hotels, restaurants and dining cars. A telegram from the head of the hotels division in Washington to R. A. Parker, director of hotels and restaurants in Texas, has been received announcing that, effective immediately:

The portion of bread or rolls served to each patron in hotel, restaurant or dining car should not exceed two ounces at any one meal.

That rolls should not weigh more than one ounce each.

Monday and Wednesday are wheatless, Tuesday meatless, Saturday porkless with one meatless and wheatless meal every day.

General Rationing Coming.

Persons in close touch with the Food Administration say that the order simply foreshadows a general system of rationing now in effect in the principal belligerent countries. Great Britain included. Hotel men and customers alike are cheerfully accepting these regulations and honestly trying to live up to them.

Chamberlain's Cough Remedy a Favorite for Colds.

J. L. Easley, Mocon, Ill., in speaking of Chamberlain's Cough Remedy says, "During the past fifteen years it has been my sister's favorite medicine for colds on the lungs. I myself have taken it a number of times when suffering with a cold and it always relieved me promptly." Sold by all dealers.

Ferdinand W. Zahn of Cliff was a Castroville visitor Tuesday.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the stipitated condition. Chamberlain's Tablets are also most excellent for constipation. Sold everywhere.

FEDERAL FOOD PROGRAM

WEEK'S CALENDAR AT A GLANCE. WHAT'S ASKED OF THE HOUSEWIFE

In the calendar of wheatless meals and meatless meals the only "off-meals," so to speak, are the noonday meals on Sunday, Thursday and Friday. Supper throughout the week is to be wheatless. Breakfast throughout the week is meatless. In order that the housewife may have the days clearly in mind, the following simple calendar of days is issued by E. A. Peden, Federal Food Administrator for Texas:

	Breakfast	Dinner	Supper
Sunday	Meatless	Wheatless	Wheatless
Monday	Wheatless	Wheatless	Wheatless
Tuesday	Meatless	Wheatless	Meatless
Wednesday	Wheatless	Wheatless	Wheatless
Thursday	Meatless	Wheatless	Wheatless
Friday	Meatless	Wheatless	Wheatless
Saturday	Meatless	Porkless	Wheatless

Proclamation

TO ALL WHO EAT.

The public should read the newspapers for their own protection and in order to keep posted upon all changes and modifications of the food conservation law.

Every day there is something new in food conservation. It can be learned in no quicker or better way than through the columns of the newspapers.

Read these articles upon food conservation and food production. Don't skip in reading.

If you don't remember or haven't a good memory—cut out the items and save them for continuous reference.

Use the newspapers to keep posted. Mails are slow. The story is always in the paper before it reaches our district and county administrators. You owe it to yourself to keep posted. You will then know the law and be able to live up to the law. Remember, if you violate the regulations you are subject to a fine of \$5000 or two years' imprisonment, or both, and ignorance of the law is no excuse.

Read the newspapers. They are the voluntary distribution agents of the government.

E. A. PEDEN,
Federal Food Administrator for Texas.

Waste of Food Threatens Disaster to Individual and Ruin to Nation.

(By E. A. Peden, Texas Food Administrator)

There can be no higher consecration of the American citizen who is not actively giving in serving the nation than a genuine response to the cause of food saving.

Enough movements have been started. The thing now needed is team work to finish what has been begun.

Food saving takes second to no issue, unless it is the issue of the men in the war. All the wealth in the world is no wealth if there is no food, and the front can be held, and no battles be fought unless there is food to sustain the men who shoot the guns, throw the grenades, make the dash over the top and across no man's land.

The rise and fall of ministries, the sinking of transports, the devastation of communities through explosions and fires—all are redolent with tragedy that staggers the imagination.

But let there be an absence of bread, a restriction of sugar beyond what the body needs and craves; let the meat ration shift to a grain diet; let hunger become rampant and famine pregnant, and there is no calamity so great, so awesome, so appalling.

If there is to be a sporadic saving of food and not a constant one, just so much has the enemy been aided. To deny oneself of staples needed by the allies and our own men in arms is not a sacrifice, but an opportunity to be of real service.

If there are the thoughtless and the heedless, let them now be apprised of an attitude, not dissimilar to an alien who openly espouses the cause of the Fatherland, the business of adapting oneself to substitute foods is not recommended; it is imperative.

Let there be no minimizing of the part that the housewife plays in her kitchen. Her work is now as sacred as that of the priest at the altar.

Let there be no minimizing of the war menus in hotel, restaurant, Pullman dining car and boarding house; it is the performance of a fine duty in a fine and splendid way.

Let there be no hesitancy in learning to say: I will do with less sweet; I will do with less meat; I will do with less wheat bread and gladly eat of the bread of the corn; I will eat less of the fats which is the body fuel of the armies; I will henceforth think in terms of the nation, and no longer in terms of myself.

In the name of this freeland of ours, I earnestly petition the people of Texas to take heed of what is needed of them; to open their eyes to the world situation as it now exists, and through no act of selfishness cater to creature comforts which can do no other than bring disaster to the individual and ruin to the commonwealth.

In the name of this freeland of ours, I earnestly petition the people of Texas to take heed of what is needed of them; to open their eyes to the world situation as it now exists, and through no act of selfishness cater to creature comforts which can do no other than bring disaster to the individual and ruin to the commonwealth.

You save when you buy it. You save when you use it. Calumet contains only such ingredients as have been approved officially by the U.S. Food Authorities.

HIGHEST QUALITY AWARDS

Plant Grain Sorghums.

Owing to the great scarcity and high prices of feed stuffs a supreme effort should be made to increase food production. I believe grain sorghums—milo, feterita and kaffir—are the surest feed crop for this year. There should be a large acreage planted to them. They are drought resisting crops and will make with a limited amount of rainfall. Plant them far apart, in rows three feet apart and have only one or two stalks every 12 or 18 inches in the row. If planted far apart and given good treatment they will come as near making a feed crop as anything. Try this out for we must have food crops. Another thing, it costs much less to seed grain sorghums than most any other crop.

In the sandy portion there should be a large acreage planted to peanuts. And in every portion of the County lots of beans and peas should be planted. Make the most out of the rains that come by keeping a mulch on the land all the time.

T. N. LEE,
County Agent.

Remember, the Anvil Herald wants a correspondent from every neighborhood in the county. Send in the neighborhood happenings. Your communication in many instances would be as much appreciated as a personal letter by your friends in other parts of the country.

The P. E. O. Sisterhood elected and

installed the following officers on Wed-
nesday afternoon, at the home of Mrs.

Henry Merriman: President, Mrs.
Bertha Posey; Vice-President, Mrs.
May Hudspeth; Recording Secretary,
Miss Jennie Mae Dowdy; Corresponding
Secretary, Mrs. Jessie Merriman;
Treasurer, Miss Christine Pike; Chap-
lain, Mrs. Bettie Meriwether; Guard,
Mrs. Verna Mae Crane; Journalist,
Mrs. Nina Dowdy.

In these days of food conservation
would it not be well enough to exter-
minate about 2,999,000 dogs in this

town. The other half would be suffi-
cient to guard this town. Besides the

food consumed by these worthless per-
ambulating flea ranches would go a

long way toward relieving the food
shortage if fed to hogs and poultry.

About the only service these yelping

curs perform is the keeping of people
awake for four blocks around by their

nightly concerts. They are not even

fit for chile con carne.

Prof. J. W. Peeler visited Luling
last Saturday. He says it is not as dry
there as here but the farmers in that
section are not as far advanced in their
farming operations as are the farm-
ers in this county.

We can't get any more Alfalfa Hay
as good as what we have on hand and
only have a limited amount on hand.
The price is right and you had better
make arrangements for some of it at
once. McClaugherty & Horger. 25

Farmers, if you want to raise a meat
breed chicken there are none better
than the Cornish Indian Game. Eggs
from this hardly breed for sale at \$1.50
per setting of 15. Some good breed-
ing stock for sale cheap. Mrs. Fletcher
Davis, Hondo. 32

Walter, the youngest son of Mr. and
Mrs. J. M. Saathoff of the Lower
Hondo, went to San Antonio Sunday
and will enter the International Auto
School and will study to become an
auto doctor. We wish him much suc-
cess in his chosen avocation.

FOR SALE—A Registered Black
Jack, coming 6 years old, 15 $\frac{1}{2}$ hands
high, standard measure; coming year-
ling mule colts, and up to 3 years old
to be seen any day; also three-quarter
Percheron and one-quarter Morgan
stallion, 5 years old. Both good breed-
ers. See Fritz Fricke for prices. 14

Capt. J. E. Callahan of Wampus
Heights spent the first of the week in
San Antonio. While he did not tell us
his business down there but we rather
suspect he was getting some pointers
on modern city building as we under-
stand he is a prospective candidate for
mayor when Hondo incorporates.

Messrs. Tom Holloway, Geo. Kimmy
and P. L. Crane composed a fishing
party that went up to the dam Wed-
nesday. They report a splendid catch,
but we have no other evidence of their
success than their words—and every-
body knows what the word of a fisher-
man is worth.

The play "The Call of the Flag",
given at the auditorium Friday night,
March 1, proved to be a success. In
spite of the unfavorable weather con-
dition the crowd managed to find its
way and the returns were as well as
could be expected. The players acted
their parts well and did credit to them-
selves as well as to the characters in
the play. An interesting and import-
ant feature of the entertainment was
the songs, sung by the chorus of girls
dressed as Red Cross Nurses. This af-
forded a continuous program and no
one in the audience grew tired of wait-
ing.

If Old Jack Frost will conduct him-
self in a decent manner the people of
Hondo will not have to depend on other
locations for all its cabbage supply this
year. Louis Brieten, out at the C. J.
Bless farm, has gone quite extensively
into the cabbage-raising business and
has just finished setting out two thou-
sand plants, being assisted in the trans-
planting by Grandma Breiten and her
grandchildren, Miss Mary Breiten and
Erwin Hartung, and Mrs. Emil Weber.

If this experiment is successful it is
quite probable the growing of cabbage
will become an important industry in
this section in the future.

cordingly.

NESTER & SCHWEERS,
THALLMAN & LEBOLD.

Medina County Beermen Meet.

Thursday, February 28th, the Medina
county beermen met in the district
court room in Hondo. The meeting
was called to order by the president,
A. E. Saathoff, of D'Hanis, Texas.

The report of the last meeting was
read by the president, the former sec-
retary-treasurer, H. J. Nester, having
been called into the army and is now
stationed at some army camp.

The election of officers resulted as
follows: A. E. Saathoff of D'Hanis,
president; Louis Biediger of Lacoche,
secretary-treasurer.

Talks were made by A. E. Saathoff,
Henry Nester and Louis Biediger,
which were attentively listened to by
the beermen and the ladies present.

It was agreed to have the next meet-
ing at D'Hanis, Texas, June 1st, 1918,
to which all the beermen and all the la-
dies who are interested in bee culture,
are invited.

Some Fine Stock.

County Agent T. N. Lee handed us
the following, which appeared in "Cat-
tic Clatter" of the San Antonio Ex-
press. Mr. Lee says that this goes to
show that good cattle pay:

"Otto Wurzbach, out west of the
city, uses some very good bulls or he
is a very discriminating buyer when he
goes out to buy young calves. He
sold four head at the stock yards yes-
terday at \$35.54 per head. At this rate
a five year-old steer with the same
breeding would be worth \$277.70, but
he likely would not bring that much
money right now."

Medina county cattle usually top the
market, and it is quite probable Mr.
Wurzbach or some other breeder of
fine cattle in this county will again es-
tablish a new record price on the
markets. It costs no more to raise a
good animal than it does a scrub, and
the good animal brings twice as much
on the market. Consequently it costs
twice as much to raise a scrub as it
does a good animal.

Hon. M. M. McFarland.

In this issue of the New Era appears
the announcement of Hon. M. M. Mc-
Farland as a candidate for State Sen-
ator of this district to succeed Hon.
Claud B. Hudspeth. Mr. McFarland's
home is in Alpine, and for the past
several years he has represented our
district as a member of the Legislature.

Mr. McFarland has been a warm per-
sonal friend of this editor for a long,
long time. We would feel like saying
something good about him on that ac-
count, if for no other. But, aside from
such a consideration, we want to say
that we honestly believe he has made
the district a loyal and able servant
down at Austin. His record will show
that he never dodged a vote on an issue,
and if there are those who believe that
sometimes he was not right, we are
sure that if they knew him as we do,
they would know that he believed he
was right. And so far as the interests
of West Texas are concerned he was
always found working for the things
that would be the most beneficial for
us all.

Mr. McFarland will make a worthy
successor to Claud Hudspeth, if chosen.
As Senator he will be found work-
ing just as hard in the future as he
worked in the past, for the things we
need out this way. And another thing,
we can always count on him. He stays
with his friends and fights for his con-
victions. If that is a failing, it is one
of the best any man ever had.

We want our readers to consider the
claim of Mr. McFarland for this office.
His record is open and can be looked
into. If he has made Texas a good re-
presentative in the past, it follows that
he will make her a good one in the fu-
ture.—Marfa New Era.

Say, what about California spuds at 3 cents per pound, from 50 pounds up to any amount at Barrientes?

Don't forget the Millinery Display at Mrs. Hattie Canon's Parlors upstairs over Schmitt & Steinhardt's. 32,2

Elder D. A. Leak of Sabinal will preach at the Christian Church at 3:00 p. m. tomorrow (Sunday).

Don't use an auto with an old and torn top. Let Eugen Huessen re-cover it. Prices right. 28-1f

There will be regular preaching service at the Presbyterian Church every 3rd Sunday in the month at 11 o'clock a. m. and 7:15 p. m. tf.

H. E. Haass, Attorney at Law, Surveyor's Office, Courthouse, Hondo, Texas. All legal matters carefully attended to, in all courts of Texas. Manager Medina County Abstract Co.

The squad of military police who were here yesterday arrested and jailed an alleged deserter from the army. The man arrested claimed to have been discharged from the army but failed to produce his discharge papers.

Mail orders promptly attended to. Phone or write us for any and every thing usually sold in a Drug store. W. H. Windrow, Prescription Druggist, Hondo, Texas.

Sam Moore, who lives south of Hondo, reports that in the short month of February he gathered 20 dozen and 3 eggs from his 30 hens of mixed breed. He sold the eggs at the average price of 40c per dozen. The expense of mixed feed for the month were \$3.85. Profit \$4.25. Keep it up!

Attention is invited to the announcement of Hon. M. M. McFarland of Alpine for the office of State Senator from this district. Mr. McFarland has represented the Alpine district in the lower house of our State Legislature for several terms and is thoroughly conversant with the needs of the state. If promoted to the Senate West Texas and our state will have cause to be proud of its Senator.

The news of the death of Mrs. F. Thumm, who died at her home in Del Rio last Friday morning, caused sorrow to a large number of friends in this county. She was for many years a resident of Hondo and was highly esteemed by all of our people. Besides her husband, F. Thumm, who at one time was sheriff and tax collector of this county, she is survived by four children, Mrs. C. A. Jackson and Mrs. Tom McFarland and Ernest C. Thumm of Del Rio, and Ben F. Thumm of Arizona. The family has the sympathy of a host of friends here in its bereavement.

The CORRECT TREATMENT FOR COLDS

Colds are contracted when strength is lowered and the inflammation easily develops bronchitis or lung trouble, while grippe and pneumonia frequently follow and any cold should have immediate treatment with

SCOTT'S EMULSION

The National Strength-Builder

which first builds up the forces by carrying rich nourishment to the blood streams and creates real body warmth. Its cod liver oil is the favorite of physicians for correcting bronchial disorders and chest troubles.

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities.

Scott & Bowe, Bloomfield, N. J.

Dirk Gerdes.

Dirk Gerdes, an old and highly respected citizen of New Fountain, died at his home there about noon last Sunday. Being somewhat indisposed he told the family he would not go to church but would remain quietly at home. He drew up a chair and sat down before the fire, and his wife, who also remained at home, thought he had fallen asleep. When his son returned from church he noticed that something was wrong with his father and going to him discovered he was dying, he only breathing a few times after being placed on the bed.

Decedent, who had reached the age of about 80 years, was born in Germany but had resided in this country for more than sixty-two years, dying on the farm he acquired when first coming to the county.

He is survived by his wife and eight children, five daughters and three sons, who have the sympathy of their neighbors and friends in their bereavement.

Biry Social Center League.

March 3, 1918.

The Biry Social Center League met in regular sessions at the regular hour March 3, and the program was well rendered. The spelling contest was very interesting.

The games were lively and much enjoyed by all.

The program for the next meeting is as follows:

Song.

Recitation—Miss Littleton.

Reading—Mrs. Poe.

Vocal Duet—Miss Bilhartz and Mr. Poe.

Recitation—Magdalen Biry.

Vocal Duet—Misses Dillard and Heath.

Dialogue—Prof. and Mrs. A. W. Myers.

Song.

Every one is invited to attend the meeting. **REPORTER.**

Biry at New Fountain.

On Friday March 1, the Biry Teachers and Volley Ball Teams came to return our visit of a few weeks ago.

The New Fountain Team felt so satisfied over their former success that they neglected to leave their "tops" long enough to do very much practicing. The natural result was the following scores for the boys' teams:

First game, Biry 21, New Fountain 19; second, Biry 21, New Fountain 19; third, Biry 21, New Fountain 18.

The New Fountain girls won their games easily, the score being: first game 21 to 4; second 21 to 12 in favor of New Fountain. However, in their challenge to the boys' team, Biry beat them soundly—no doubt to "get even".

After the games, all were assembled and heard a good talk on school opportunities by Mr. Henry Bendele, a patron of the Biry school.

Judging from the number of people who came and the cheering for their players, we feel sure Prof. Myers has worked up some good school interest at Biry. They came four "carloads" strong—the cars beautifully decorated in the school colors, pennants, and flags. **N. F. REPORTER.**

Haby Settlement News.

Riomedina, Tex., Feb. 26, 1918.

John Schuehle and daughter and his sister, Miss Lena, and George Beck made a flying trip on business and pleasure up to Helotes one day last week.

Andrew Schuehle and grandson, Andrew Eckhardt, were Castroville visitors on personal business this week.

Messrs. Andrew and John Schuehle and Robert Bless attended the funeral at Mrs. Bless of Hondo.

We are glad to hear that Miss Bertha Oefinger is back from a few months visit to relatives and friends in El Paso.

Misses Della and Melinda Oefinger were laid up with the measles some time last week.

Miss Nita Schuehle is very sick. She is suffering with spinal meningitis, but Dr. Whitehead said that she is improving a little. The nurse, Mrs. Bertreaver, who was nursing her for a week, left Friday for her home in San Antonio, hoping Miss Nita will be up soon.

Misses Ollie and Laura Schuehle were also sick with the measles.

Miss Lorina Balzen and her brothers, Edwin and Charlie, made a flying trip to Hondo last Tuesday.

Mrs. Gus. Wiemers spent a few days last week with her parents, Mr. and Mrs. Henry Schuehle.

Gus Boehme spent the day up at Cliff last Monday.

Sam Haby and family took a little spin to Riomedina last week.

Andrew Schuehle and son, John, made a business trip to Louis Burrell's ranch one day last week.

Sterling Eckhart was very sick with pleurisy and measles last week.

Nick Haby and family were all sick with the measles last week.

SATURDAY, MARCH 9, 1918.

40,000 POUNDS OF FLOUR DIVERTED TO GENERAL USE

SUPPLY FOR FARMERS CO-OPERA-
TIVE ASSOCIATION IS COMMAN-
DEERED BY FOOD ADMINIS-
TRATION.

Forty thousand pounds of flour, consigned to a farmers' co-operative association at Groom, Texas, has been subject to a slight change in shipping directions and will instead be delivered to the retail merchants in the Groom territory so that the whole community will have the advantage of an abundance of flour instead of a comparatively few persons. The flour will be distributed by the retailers to the consumers on the fifty-fifty plan of one pound of flour for every pound of substitutes.

The farmers' associations, when advised by the Federal Food Administration of Texas, that although bought prior to the ruling on sales of flour, the shipment of flour comes under the ruling as to distribution, agreed to surrender its interest in the carload.

In cases where the government recommends that flour be distributed to the retail stores and not to consignees the Food Administration may commandeer the flour. The action of the Texas administration in disposing of this special case of 40,000 pounds of flour is a positive proof that nothing is being left undone to prevent concentrating in the hands of a few the nation's foodstuffs, but that all commodities needed for the public welfare are being distributed fairly and justly to rich and poor alike.

DON'T DELAY.

Some Hondo People Have Learned
That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Hondo testimony:

Mrs. P. H. Renkin, says: "I and others of the family have used Doan's Kidney Pills with the best of results. My kidneys were disordered and didn't act as they should. When I read of Doan's Kidney Pills I tried them, and one box entirely removed the trouble. I highly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Renkin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

First Baptist Church (Hondo).

"I FIRMLY BELIEVE
IT SAVED MY LIFE".

Declares Medicine That Will Do What Tanlac Did For Her, Deserves Praise.

"By the help of Tanlac I have overcome troubles I had begun to fear would end my life," said Mrs. Aline Ramsey, who resides at 303 South Pearl Street, Dallas, Texas, recently.

"My stomach had been troubling me for eight years," she continued, "and I had gotten to where I couldn't even eat raw eggs or drink sweet milk without suffering afterwards. At times my stomach was so gassy and upset that I couldn't retain thing. For the past two years I have had rheumatism in my right shoulder and arm so bad I could hardly use my hand. I was so nervous and miserable I could hardly sleep at all and could do no work without feeling completely exhausted. I was badly constipated, had such a glimmer before my eyes I could hardly see and would often get so dizzy I had to lie down.

"I took nearly every medicine I ever heard of and tried in vain so long without getting anything to help me that I had begun to think I couldn't get well. Then my nephew from Georgia told me about Tanlac and while I never got much relief from my first bottle, the second got me to eating hearty and sleeping fine. I finished my third bottle with such a big appetite that I could hardly get enough to eat and my stomach trouble and rheumatism are gone. So now I can eat what I want, sleep like a child and am praising Tanlac for my wonderful recovery. I firmly believe it has saved my life and such a medicine is worth praising."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

Catholic Church.

LENTEN SEASON.

Our Castroville Page

Local, Personal and Business Items from This Busy Burg

CASTROVILLE, MARCH 7, 1918

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

It tried very hard to rain for several days of the past week, the precipitation being 0.45.

Messrs. Sebastian and Leo Tschirhart took a trip to the Big Dam the first of the week and found that country in pretty good shape. They informed us that Frank Tschirhart Jr. had killed a Mexican eagle which measured seven feet from tip to tip of the wings.

F. W. Muennink of Hondo was a Castroville visitor the middle of the week.

We failed to mention in last week's report that Jno W. Hans and Joe Schmidt were San Antonio business visitors. While there Joe enlisted as helper in Uncle Sam's shipbuilding corps.

County Clerk S. A. Jungman and Assessor L. E. Heath of Hondo were Castroville business visitors Monday.

Oscar Etter, after spending a week with homefolks here, returned to San Antonio Sunday.

Charles Burrell received the sad news of the demise of his brother, Frank, at Del Rio Monday, and left for that place at once.

Mr. and Mrs. Nick Hutzler of Bader Settlement visited here Tuesday.

Mrs. August Wurzbach and daughter, Miss Amanda, of French Settlement, visited here Saturday.

Mesdames Joe Tschirhart Sr. of Noonan and Willie Renken of San Antonio were called here to the bedside of their brother, Henry Tschirhart.

Mr. and Mrs. George Ahr of Sauz visited Mr. and Mrs. Sebastian Tschirhart Jr. Sunday.

Mr. and Mrs. Ben Haby of Dunlap were guests of Mr. and Mrs. Chas. Burrell Sunday.

In memory of our dear nephew, Harry Tschirhart, who departed this life February 12th, 1918, the following lines are affectionately dedicated by his loving uncle and aunt:

Dear Harry is gone and we are lonely,
But in Heaven we fain would think
His fervent prayers for us are numbered.

Ceaselessly before the throne.
Harry has left us but not forgotten,
In Heaven we shall meet again.

He has left his father, mother, brothers and sisters, sad and lonely,
But in Heaven we fain would think

His fervent prayers for them are numbered.

God has called him to be an angel of Heaven,

Therefore father, mother, brothers and sisters weep not for he has gone to be an angel of Heaven,

And where he is before thy throne of Heaven

And where we shall meet him again.
He with loving care and patience

Bore our burdens, eased our griefs.
He has gone and we are lonely.

But in Heaven we fain would think
His fervent prayers for us are numbered.

Ceaselessly before the throne.

In loving remembrance of our dear friend, Harry Tschirhart:

In life we are in death so near
That we should not grieve
If one that was to us so dear

From us will take his leave.
So it was with our dear Harry,

He has left us all too soon—
Left us all here in our sorrow.

His death o'er us has cast a gloom.
He has gone from us forever,

And we no more will see him here,
We think there is no greater sorrow,
For to us he was so dear.

Indeed he was so dear to us
It's hard, so very hard.

Indeed we all loved him so dear

And yet we had to part.

Now our hearts are sore and weary
But it will not be forever;

Though now it is dark and dreary,

There'll come a glad day.

Once there will be a glad tomorrow,

And we'll see him face to face

When our dear Harry we'll embrace.

By one who loved him dearly. C.

Despondency Due to Constipation.

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

All Druggists

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength), for 60 cents at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

STROUD, OKLA.—I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement in the paper and wrote for a trial package of "Anuric." It helped me so much I went to the drug store and bought a supply of Dr. Pierce's medicines. I bought four bottles of the "Golden Medical Discovery" one package of the "Anuric Tablets" and a vial of the "Pleasant Pellets." The "Golden Medical Discovery" and the "Pellets" cured me of bowel trouble, and the "Anuric" of the kidney trouble.—MRS. MARY JANE FISHER, Route 5.

INTERESTING TALK BY FLETCHER DAVIS.

Mr. Fletcher Davis, Field Agent for the State Department of Agriculture, representing the State Council of Defense, spoke to a small audience at the city hall this morning on "The Present Crisis and the Farmer's Opportunity."

Mr. Davis, while not an orator, has his subject well in hand, and spoke most interestingly. There were only a few farmers present to hear him, but his speech was good for anyone to hear and The Reporter regrets that a larger attendance was not given him.

The importance of the Texas farmer raising food and feed stuffs for his own use was stressed. Quoting from statistics Mr. Davis showed that while the government recommended an acreage of 47,000,000 acres in wheat in order to grow 1,000,000,000 bushels for the use of this country and her allies, only 42,000,000 acres were planted, an increase of only 4 per cent over 1917. The condition of the crop Dec. 1st was only 79 per cent normal, and it is estimated that the wheat shortage will be about 50 per cent this year. The only remedy is to grow other foodstuffs for home use so that the short crop may all be saved for the soldiers.

Other figures for hogs, chickens and live stock were given showing that if the American farmer does not this year raise his own living and his own feed he will face serious disaster, individually and collectively. Mr. Davis stated that it is altogether possible that many Texas farmers would have plenty of fifty-cent cotton this fall and still be unable to buy feed.

He strongly recommended the growing of Spanish peanuts on every farm. He called the peanut the "feed insurance policy" of the farm.

Mr. Davis was introduced by Hon. J. W. Garner, Chairman of the Milam County Council of Defense.—Rockdale Reporter, Feb. 28th.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you ferment in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Sold by all dealers.

Lacoste Ledger Laconics.

Mr. and Mrs. Louis Schwers and Willie Schmidt of Quihi were the guests of Arnold Wurzbach and family Sunday.—Riomedina News.

J. L. Mechler returned home Friday evening from a week's visit to Fort Worth, Dallas and Waco, Texas. Mr. Mechler informs us that the soldiers at Fort Worth are all well.

Don Sanders of Pearsall paid a visit to friends here Sunday.

The Biry Bros. have cleared about 10 acres of land in the river bed at Spindletop which they intend to irrigate by means of a pumping plant.

It is now rumored that for some reason, or other, the LaCoste Ditch will not be built this spring.

Fishing tackle. Holloway Bros.

Food Lecture Rained Out.

Two Speakers at Mart, Friday Afternoon—Talk to Business Men.

The "more feed and food" evangelists sent out by the state were almost rained out at Mart today. However, a fair sized audience greeted the speakers, two of whom arrived to fill their engagement. Because of the rain and muddy roads, only a few farmers came to town.

President Earl B. Smith and Secretary E. M. Barnes of the Mart Commercial club saw that the speakers made the best of their opportunity at the Queen theatre as announced.

Messrs. Fletcher Davis of Hondo, Field Agent of State Department of Agriculture, and E. E. Davis of the University of Texas extension department, Austin, addressed the meeting and emphasized the needs of the hour for the largest possible production of feed crops in Texas as well as in all America.

Their discussion was along practical lines and while it is a matter of regret that the speakers could not be heard as originally planned, yet the rain was far more essential and will accomplish more for increased production than any amount of talking. The gentlemen left on the afternoon train.—Mart Daily Herald, March 1st.

Chamberlain's Cough Remedy a Favorite for Colds.

J. L. Easley, Mocon, Ill., in speaking of Chamberlain's Cough Remedy says, "During the past fifteen years it has been my sister's favorite medicine for colds on the lungs. I myself have taken it a number of times when suffering with a cold and it always relieved me promptly." Sold by all dealers.

Cliff Happenings.

I am sorry indeed to state that O. J. Wurzbach, one of the most energetic stockmen of this vicinity, is still confined to indoor life, on account of a severe case of Leprosy which made its attack on him more than five weeks hence. "O. J." knows I always appreciate looking at something good in the cattle line and I can never refuse a glimpse at the "pretties" when opportunity allows; he especially invited me to see a car of steers and a few cows, which he has had on a ration of pear and cake and to which he has now applied the finishing touches. He expects to have the cattle on the San Antonio market Monday. I should judge that these cattle would establish a record price for Southern cattle as they are very topy; even at that I shouldn't think it would be asking much of the packers. They know as well as any one what it takes to put a string of cattle in this prime condition especially at the present high prices of feed stuff. But, seemingly, the packers are short of money at present, or just a little slow about handing it out.

H. Wurzbach will market a few head of fed cattle Monday also as I hear.

Misses Lillian Peace, Effie Elms, Gladys Schuchart, Julia Wiakler and Mary Elizabeth Lytle; Messrs. Mathalma, Raymond and Archie Schuchart, all of Cliff, enjoyed a spin over the Toll Road and sight seeing at the Medina Lake Sunday afternoon.

A READER.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all dealers.

Even a republican can help in the struggle of the world for democracy.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable of the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it. Sold by all dealers.

The price of eggs is coming down, as hens are busy laying them.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a number of sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of mucous surfaces.

We will send One Hundred Dollars for any case of Deafness caused by Catarrh that is not cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Suffered Severe Years. PERUNA MADE ME WELL

Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: "I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies."

Its My Standby for a Cold.

Those who object to liquid medicines can procure Peruna Tablets.

Devin News Items.

Mr. and Mrs. Walter Bippert spent Sunday here with relatives.

Miss Mildred Bippert visited friends in Devin Saturday.

Mrs. Rhodes of San Antonio visited her daughter, Mrs. Fisher Bailey, several days last week. Also Mr. and Mrs. Raymond Bailey of Hondo.

Louis Biry of the Biry Mercantile Co., and Prof. C. E. Winn, principal of the Castroville school, were at Devin Saturday greeting friends.

Mrs. Lena Stone visited here week end.

Earl Watson was down from one day visiting his sister, Mrs. Crawford.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for flatulence. Sold everywhere at 25c.

Hondo High School Notes.

Hondo high school is in good condition and Physics was inspected particularly, and I wish to commend the work. I was especially impressed with the manner in which the pupils answered the questions in the eleventh grade English. I had occasion to meet the members of the board and was favorably impressed with their attitude toward the school; as well as with the fine spirit shown by the Parent-Teachers Association.

The following suggestions are respectfully submitted:

1. Hondo now has a good school, and it deserves the hearty and undivided support of its patrons.

The work in domestic science ought to be further encouraged. The girls are taking unusual interest in all of the home economics work.

3. The grade teachers have a good grasp of their work and keep the interests of the pupils aroused.

4. Eventually, more science and vocational work should be introduced at the expense of Latin.

5. All teachers in the elementary school should receive each at least \$60 a month.

6. That only one foreign language be offered until the teaching force can be increased. Perhaps Latin should be omitted and Spanish taught on account of community needs.

7. That if the school be maintained for a standard term of nine months, it be classified as a high school of the first class at the close of the present session.

8. That the following units of credit be granted if the specimen papers to be submitted, May 1, be approved by the examiners:

English	3	General Science	1
History	3	Physics	1
Algebra	2	Spanish	2
Plane		Latin	1
Geometry	1

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the wellknown tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60c.

Philathea Class.

The Philathea Class met at the home of Mrs. J. S. Fly Tuesday afternoon, March 5, 1918. There were 10 members and one visitor present.

After the usual business meeting, Mrs. G. W. Monkhouse conducted an interesting lesson from the fifteenth chapter of St. John. The next meeting will be held on March 19, 1918.

THE STATE OF TEXAS
To the Sheriff or any Constable of Medina County, Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Medina County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of Amanda Butts, deceased, No. 867. M. J. Butts has filed in the County Court of Medina County, an application for the Probate of the Last Will and Testament of said Amanda Butts, deceased, filed with said application, and for Letters Testamentary of the estate of Amanda Butts, deceased, which will be heard at the next term of said Court, commencing on the first Monday in April, A. D. 1918, the same being the 1st day of April, A. D. 1918, at the Court House thereof, in Hondo, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof of this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Hondo, Texas, this the 4th day of March, A. D. 1918.

**MERCHANT GIVEN
ANOTHER CHANCE
BY FOOD CHIEF**

BLACK LIST ORDER LIFTED IN
CASE OF SCHULTZ ON CONDI-
TION THAT HE REMEDY WRONG
DONE.

Conditional that Paul Schultz, retail grocer at New Braunfels, Texas, obtain within 15 days the excess of all sugar and flour which he sold to his customers—more than is provided by the food control law—and that Schultz arrange at once for the distribution of an excess of 25,000 pounds of sugar which he has on hand over and above what he should have for his 30-day needs, the Federal Food Administration of Texas has decided to make the suspension of the black list order permanent. Schultz must, however, return within 15 days on the first count and 30 days on the second count that he has complied with the requirements.

The decision of the administration, states the legal department, is not to be construed as establishing a policy of leniency with offenders, nor a letting down of the present bars which make for the strength of the food control law. The evidence offered by Schultz at a hearing held on Friday disclosed that Schultz was not wholly to blame, but the responsibility was to be traced to jobbers and wholesalers who had been remiss in issuing instructions, as licensees, to their retail trade, and because of this failure to fulfill the obligation of the jobber Schultz should not be permanently suspended from doing business.

Letter From Headquarters.

In the letter to Schultz, acquainting him with the decision of the administration, he has been written as follows:

"From the evidence submitted by you in connection with the black list order issued by me, cutting off your source of supplies, I am of the opinion that to a large extent, you were led into violating the rules and regulations of the United States Food Administration by persons who, in the course of their business, should have kept you informed as to the rules and regulations.

"However, I also find that you did violate the rules and regulations of the United States Food Administration after receipt of definite instructions from me, but such violations might have occurred without your personal knowledge.

"In view of the good recommendations as to your standing and service to your community, furnished by a district judge of the State of Texas, also by other prominent citizens, I have decided to suspend the cutting off of your supplies on the following conditions:

"To all sales of sugar and flour for which you received or will receive payment after January 1, 1918, you will get back from the people to whom you sold this sugar and flour their surplus supplies. That is, all sugar above 10 pounds in the hands of your customers and any flour in excess of 25 pounds in the hands of your customers.

Fortnight Limit Given.

"You must have these commodities returned to you within 15 days after Monday, February 4, and sufficient proof must be in my hands that you have followed these instructions.

"You must take back these commodities at the same price at which they were sold by you, and in turn redistribute same according to the rules and regulations of the United States Food Administration at no advance in price.

"You have on hand at the present time approximately 25,000 pounds of sugar. This sugar you are permitted to sell to the various retailers in your section of the State, or through wholesalers, at the same price at which it was purchased by you. This must be done within 30 days from February 4, 1918, and sufficient evidence be furnished me that you have followed these instructions.

"Upon fulfillment of all the above, I shall then make the suspension of the black list order against you permanent.

(Signed) "E. A. Peden,
Federal Food Administrator for the
State of Texas."

**STATE FOOD ADMINISTRATOR
FAVORS MEAT-CURING PLANTS**

The establishment of meat-curing plants to be operated in cities and towns where there is a cold storage and ice company using ammonia pipes for refrigeration, advocated by the extension department of the Agricultural and Mechanical College, is to be taken up by State Food Administrator E. A. Peden, according to George S. Eruess, industrial agent for the International & Great Northern railroad, who has been assisting the college in this work.

The meat-curing plant at Georgetown has been so successful that plants are being contemplated at Bryan, Trinity, Hearne, Navasota and Celvert.

By this method the farmer can do his own killing, have his hams and shoulders cured at a cost of 1c a pound and sell to the local merchants at packers' prices.

While the packers have complained that peanut-fed pork is not worth as much, a paper published in Georgia contained the news that in that state a premium was being paid for peanut-fed hogs.

LAND MEASURE

1 varas	33 1-3 inches
100 inches	3 varas
1900 8-10 varas	1 mile
5280 feet	1 mile
1760 yards	1 mile
208 71-100 feet square	1 acre
75 13-100 varas square	1 acre
69 57-100 yards square	1 acre
5645 4-10 square varas	1 acre
43,560 square feet	1 acre
4840 square yards	1 acre

To change varas to feet add 99 and divide by 33.

To change feet to varas multiply by 33 and cut off two right hand figures.

To find the number of acres in any number of square varas divide by 5615.4, or multiply by 177 and cut off 6 right hand figures.

To find the number of acres in any number of square feet divide by 43,560, or multiply by 23 and cut off 6 figures to right.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in the head. Remember the full name and look for the signature of E. W. GROVE, 30c.
